## EXPERIENCE

MERN Stack Developer with hands-on experience over 3-4 months, Create web applications & contribute innovative solutions to real-world challenges.

## PROJECTS

### STUDENT PORTAL

01/01/24 - 20/01/24

- Developed a student task submission portal in **React, Node js, Express,Mongodb** promoting seamless task submission, assignment tracking, and **feedback** communication, facilitating efficient **collaboration** between students and instructors in an academic setting.

### FLIPKART- CLONE

01/01/24 - 20/01/24

- Created a feature-rich e-commerce website using **React**, incorporating **JWT** authentication, **Google authentication**, **Payment gateway** for user **logins**, and ensuring a responsive design for optimal user experience across devices.

### SOCIAL MEDIA APP

01/01/24 - 20/01/24

- Implemented user authentication through secure **JWT** tokens, offering a **Login**, **Registration** experience for users to engage in a dynamic and interactive social platform.
- Creating reusable code for feature updates, and adaptability to changing business requirements.
